SIMPLE SUMS SONG

Everyone must learn their sums, of that there is no doubt
If you learn arithmetic, you'll know what its about
Adding up and take way is as easy as can be
If you listen carefully and sing along with me

(chorus)

Sums, sums, simple sums, sing along and have some fun
Add an take away, you can learn the easy way
Listen carefully, try to sing along with me
When you go to school, you'll know what to do

Learn to use and calculate the numbers nought to ten
If at first you don't succeed just listen once again
Numbers are important and we use them everyday
That's why we have to add up and why we take away
