Animals Animals

Alligators, insects, anything that flies
All the pretty birdies, high up in the skies
Little lambs and rhinos, elephants and mice
Puppy dogs and pussy cats and all things nice

Animals, animals
Many creatures big and small, there's lots of animals

Crocodiles and tigers, badgers in their sets
Rabbits, rats and hamsters, they make lovely pets
Butterflies and kangaroos, hippos, frogs and bats
Sheep and cows and nanny goats and pretty little cats

Animals, animals
Many creatures big and small, there's lots of animals

Chimpanzees and parrots, camels with their humps
Frogs and toads and wildebeest and anything that jumps
Worms and snakes and wriggly things, lizards, ants and bees
Fish and crabs and anything that lives under the seas

Animals, animals
Many creatures big and small, there's lots of animals

Animals, animals
Many creatures big and small, there's lots of animals

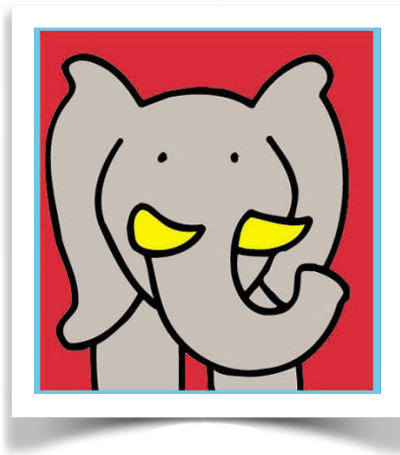

Bare Necessities

Way Down South

Way down south where bananas grow,
A grasshopper stepped on an elephant's toe
The elephant said, with tears in his eyes
“Pick on somebody your own size”

Chimps Tea Party

Every Sunday afternoon at the local zoo
All the naughty chimpanzees are waiting for their food
Once a week about this time they have a special treat
Funny clothes and party hats and lots of things to eat

Crash, bang, wallop!
Bananas all over the floor
Tea all over the table
And the crowd calling out for more
Crash, bang, wallop!
You've never seen such a mess
Especially the one with the bowl on her head
And the jelly all down her dress

Jelly, custard, bowls of fruit, I wonder what they'll do
Squash bananas with their feet and throw a cake or two
Fun and games and lots of noise and a teapot upside down
Cups and plates are everywhere but mostly on the ground

Crash, bang, wallop!
Bananas all over the floor
Tea all over the table
And the crowd calling out for more
Crash, bang, wallop!
You've never seen such a mess
Especially the one with the bowl on her head
And the jelly all down her dress

Busy Busy Bee

I can see a busy busy bee
Busy busy bee, buzzing along
I can see a busy busy bee
Buzzing all day long

You are such a busy busy bee
Busy busy bee, buzzing along
You are such a busy busy bee
Buzzing all day long

Busy bee, busy bee
Won't you stop and talk to me?
Stay a while, stop and smile
Won't you spend some time with me?

When do you sleep, busy busy bee?
Busy busy bee, buzzing along
When do you sleep, busy busy bee?
All night long

Busy bee, busy bee
Won't you stop and talk to me?
Stay a while stop and smile
Won't you spend some time with me?

When do you sleep, busy busy bee?
Busy busy bee buzzing along
When do you sleep, busy busy bee?
All night long

The Elephant

An elephant goes like this and that
He's terribly big
And terribly fat
He has no fingers
And he has no toes
But goodness gracious, what a nose!

Slippery Slithery Snail

The slippery slithery slippery snail
Crawled up the side of the garden pail
Went over the top and fell with a plop
And wished he'd had the sense to stop

He got to the side and to his surprise
Found that he could slip and slide
He slithered around and fell to the ground
And slipped away with a slurping sound

(chorus)

Slippery, slithery, slippery, slithery, slippery, slithery trail
Slippery, slithery, slippery, slithery, slippery, slithery snail

So what can it be? When you look and see
Slithery trails are silvery
Asleep in his shell, so comfy and well
Is mister slippery, slithery, snail

(chorus - repeat)

Ugly Bug Ball

*Unfortunately, due to copyright restrictions,

In the Jungle You Will Find

In the jungle you will find
A hippopotamus
He's making such a fuss
The hippopotamus

(chorus)
Singing high in the jungle
Low in the jungle
Animals all around

In the jungle you will find
A lion on the prowl
He has a noisy growl
The lion on the prowl

(chorus)

In the jungle you will find
A tiger large and stripey
He's very high and mighty
The tiger large and stripey

(chorus)

In the jungle you will find
A marching elephant
He's not so elegant
The marching elephant

(chorus)

In the jungle you will find
A snappy crocodile
Beware his friendly smile
The snappy crocodile

(chorus)

In the jungle you will find
A naughty chimpanzee
Having fun you see
The naughty chimpanzee

(chorus - to fade)

If You Meet A Crocodile

If you should meet a crocodile
Don't take a stick and poke him
Ignore the welcome in his smile
Be careful not to stroke him
For as he sleeps upon the Nile
He thinner gets and thinner
But whenever you meet a crocodile
He's ready for his dinner

The Front End Of A Tiger

Hiding in the long grass, difficult to see
With all its lovely stripy camouflage
Growling through the jungle, lazing up a tree
This cat is very, very, very large

(chorus)

The front end of the tiger has the teeth to bite and chew
Eyes for watching you
Nose to smell you too
The front end of the tiger has a loud ferocious growl
And at the other end it has a tail

If you meet a tiger, watch out for his head
'Cause that's the nasty end so be prepared
If you meet a tiger, just hope that it's been fed
And always make a point of being scared

(chorus)

And at the other end it has a tail

Snake In The Grass

(chorus)

The snake in the grass moves ever so fast, almost without a sound
The snake in the grass moves ever so fast and slithers across the ground
The snake in the grass moves ever so fast, winding to and fro
The snake in the grass moves ever so fast, wow, look at it go

Snakes and other reptiles have scales on their skin and often look quite shiny
Some are enormous and very long, and others are quite tiny

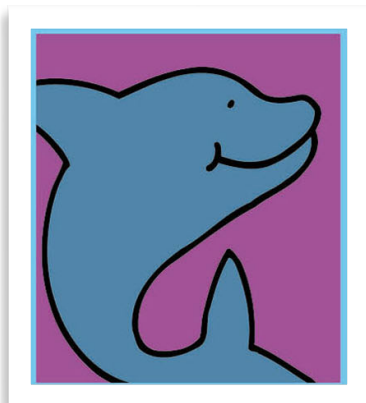

(chorus)

The snake is quite clever 'cause when it grows,
and it's skin becomes too tight
It falls away and a new one grows and the new one fits just right

(chorus - to fade)

The Dolphin

The dolphin is pretty, and lives in the sea
It jumps in and out, majestic and free
It dives to the bottom, without any care
Then swims to the top, when it runs out of air

If You Ever Ever (Meet A Whale)

If you ever, ever, ever, ever
If you ever, ever, meet a whale
You must never, never, never, never
You must never, never, touch its tail

For if you ever, ever, ever, ever
If you ever, ever, touch its tail
You will never, never, never, never
You will never meet another whale

Three Little Monkeys

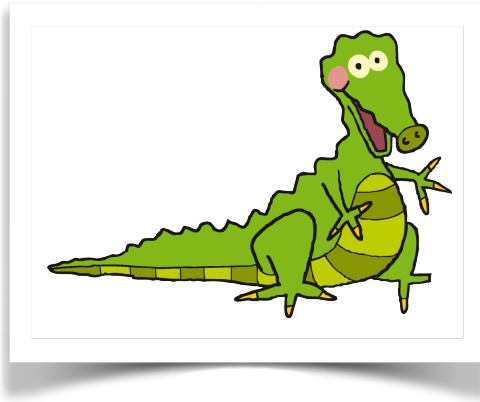

Three little monkeys jumping on the bed
One fell down and broke his head
Mamma called the doctor, the doctor said
“No more monkeys, jumping on the bed”

Two little monkeys jumping on the bed
One fell down and broke his head
Mamma called the doctor, the doctor said
“No more monkeys, jumping on the bed”

One little monkey jumping on the bed
He fell down and broke his head
Mamma called the doctor, the doctor said
“No more monkeys, jumping on the bed”

Never Smile At A Crocodile

The Spider To The Fly

Come in to my parlour
Said the spider to the fly
I promise I won't eat you
I promise you won't die
I'll sit and tell you stories
Of how I spin my web
Come in to my parlour
I promise you'll be fed

You musn't try to tempt me
Came the bold reply
You're a great big spider
And I'm just a little fly
If I come in to your parlour
I know for sure I'll die
Hmm, I suppose you think you're clever
Said the spider to the fly

Where's My Food

Everyone likes different things to eat
Vegetables or beans and some like meat
Animals are different too
Some like fruit and others bamboo
If they could tell us
This is what they'd say

(chorus)

Where's my food, the lion roars
Thick red meat, I'll eat it raw
Where's our breakfast says the seals
We like fish and slippery eels
Where's my dinner, said the parrot
Lots of seeds and a piece of carrot
Where's my tea, the spider cried
I like ants and moths and flies

Animals know what they like to chew
Elephants eat buns but won't eat stew
Lots of different things to eat
Some like grass and some like wheat
If they could tell us
This is what they'd say

(chorus)

Everyone likes different things to eat
Vegetables or beans and some like meat
Animals are different too
Some like fruit and others bamboo
If they could tell us
This is what they'd say

(chorus)

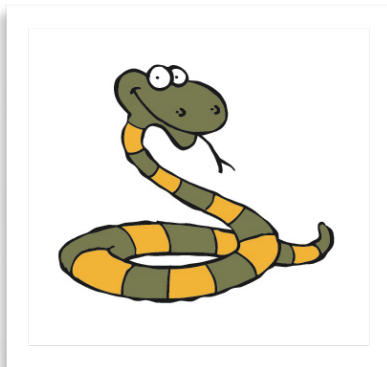

The North Wind Doth Blow

The north wind doth blow, and we shall have snow
And what will poor robin do then, poor thing?
He'll sit in a barn, and keep himself warm
And hide his head under his wing, poor thing

(repeat)

Down In The Grass

Down in the grass, curled up in a heap
Lies a big snake, fast asleep
When it hears the grasses blow
He moves his body to and fro
Up and down, in and out
See him slowly move about
Now his jaws are open so
Snap, he's caught my finger, oh!

The Bear Went Over The Mountain

Oh, the bear went over the mountain
The bear went over the mountain
The bear went over the mountain
To see what he could see
To see what he could see
To see what he could see

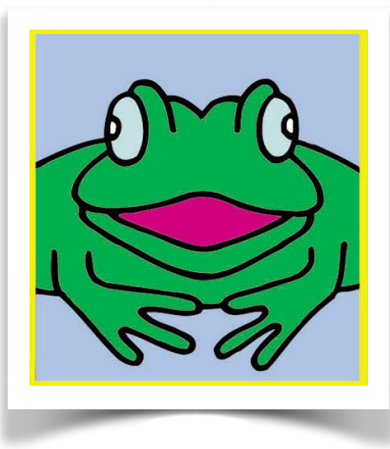

Oh, the bear went over the mountain
The bear went over the mountain
The bear went over the mountain
To see what he could see

Oh, the bear went over the mountain
The bear went over the mountain
The bear went over the mountain
To see what he could see
He saw the other side
He saw the other side

Oh, the bear went over the mountain
The bear went over the mountain
The bear went over the mountain
To see what he could see

A Little Talk

The big brown frog and Mr Toad
Went walking out together
They talked about all kinds of things
The jungle and the weather
But I just heard some funny sounds
I kid you not or joke
I think what they were saying was
Ribbit, ribbit, croak!

Five Little Worms On A Garden Lawn

Five little worms on the garden lawn
Wriggling around at the crack of dawn
Along came a magpie, yum, yum, yum
Now that little worm is in her tum

(chorus)

Little worm, little worm
Now that little worm is in her tum

Four little worms on the garden lawn
Wriggling around at the crack of dawn
Along came a magpie, yum, yum, yum
Now that little worm is in her tum

(chorus)

Three little worms on the garden lawn
Wriggling around at the crack of dawn
Along came a magpie, yum, yum, yum
Now that little worm is in her tum

(chorus)

Two little worms on the garden lawn
Wriggling around at the crack of dawn
Along came a magpie, yum, yum, yum
Now that little worm is in her tum

(chorus)

One little worm on the garden lawn
Wriggling around at the crack of dawn
Along came a magpie, yum, yum, yum
Now that little worm is in her tum

Little worms, little worms
Five little worms in a magpie's tum

Funny Monkey Business

(chorus)

Funny monkey business
Funny monkey business
Monkey funny, funny, monkey business
Funny monkey business
Funny monkey business
Monkey funny, funny, monkey business

Swinging in the trees, flying through the air
Spinning round and round and round, and running everywhere
Jumping up and down, rolling to and fro
Making funny noises and putting on a show

(chorus)

(chorus)

Turning somersaults, rolling on the ground
Making fun of everything and everyone around
Scratching at its fur, it seldom takes a bath
When you see its antics, you'll laugh and laugh and laugh

(chorus)

The Hippopotamus

The hippopotamus is short and very big
And lives in muddy water to stay cool
But sit upon his back and he couldn't give a fig
In fact you know he doesn't mind at all

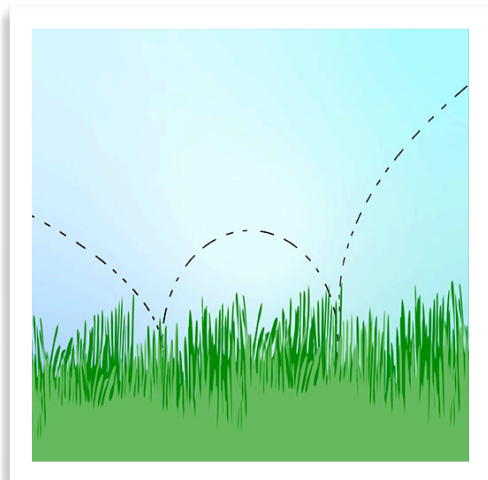

The Grasshopper Hop

Did you ever wish that you could jump
High in the air
Did you ever wish that you could jump
Right up the stair

I know a little friend and he can jump
Very far
He can jump much further than you and I
Ha, ha, ha

The grasshopper hop
The grasshopper hop
He can jump through the grass and weeds
He might jump for you
The grasshopper hop
The grasshopper hop
If you watch him you will see
That's what grasshoppers do

(repeat)
